# NPG Series

## Range of 2 Parallel Fingers Grippers

Designed for flexibility and performance, NPG Series offers a modular solution for a wide variety of robotic applications. Fully compatible with any robot complying with ISO 9409-1, NPG grippers ensure easy integration, scalability and a consistent user experience across robotic platforms.

## General Specifications

Model :	NPG40	NPG80
Gripping Force, N :	40	80
Stroke, mm :	40	80
Repeat Accuracy, mm :	±0,02 mm	
Position Resolution, mm :	≤ 0,11 mm	
Max Gripping Speed, mm/s :	200	
Weight, g :	600	700
Controllable Parameters :	Torque / Position / Speed	
Communication Interface :	Modbus RTU (RS485), I/O	
IP Classification :	IP 54	
Certification :	CE, RoHS	
Rated Voltage :	24V DC	
Cable Length, mm :	185
